

Substitute
Safety Data Sheet
For
Dakin's® Solution products
Full, Half, Quarter and Di-Dak-Sol®

Products manufactured by Century contain:
Sodium Hypochlorite (0.50% or less)

Dakin's Solution is a drug product under FDA regulations¹; therefore a Safety Data Sheet is not required per OSHA. Please accept this information sheet as a substitute.

Dakin's products are topical, over-the-counter (OTC) human drug products, which are generally recognized as safe and effective.

Please follow all labeled instructions.

Please contact Century for further information.

The Active Ingredient in Dakin's products is Sodium Hypochlorite. The Inactive Ingredients are Purified Water, Sodium Bicarbonate (buffer), and Sodium Hydroxide.

Dakin's Solution products have a pH of approximately 10.

Do NOT take internally - **FOR EXTERNAL USE ONLY**. If swallowed, get medical help or contact a Poison Control Center right away at 1-800-222-1222

1. Any drug, as that term is defined in the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.) is exempt from OSHA's Hazardous Communication Standard requirements, including a Safety Data Sheet. (29 Code of Federal Regulations 1910.1200)

Also, Dakin's products are not listed as Hazardous Chemicals in Department of Transportation regulations. (49 CFR 172.101)
